

Sumuka Prabhu U

Graphic Designier And Video Editor

Profile

I am Sumuka, a creative and detail-oriented designer skilled in graphic design, video editing, and AI-generated video creation. I have a solid foundation in design principles and practical experience with the Adobe Creative Suite (Photoshop, Illustrator, InDesign) and Adobe Premiere Pro for video editing. I also create AI-based videos using modern tools, blending creativity with technology to produce engaging and polished visual content. Passionate about storytelling through visuals, I enjoy crafting designs and videos that are clean, compelling, and effective. I'm eager to contribute fresh ideas, dedication, and growing professional experience to a dynamic team.
